24th April 2019

Dear Parents and Carers,

Maths Morning – Wednesday 1st May 2019

Developing maths continues to be a whole school priority this year and as a school we have adopted a new way of teaching maths - teaching for mastery. This method of teaching rejects the idea that children 'just can't do maths'. It looks to build confidence and to show children that with hard work they can succeed. We would like to invite you to a maths morning where we can share the activities and strategies used in this approach to help your child develop maths understanding.

The session will start at **9am on Wednesday 1st May 2019 and finish at 10am**. The first part of the session will be an overview of the way maths is taught at school. The second part will give you a chance to visit your child in class to join in with Maths activities.

If you would like to attend please complete the slip below and return to school by **Monday 29th April 2019**. We really hope that you will be able to attend and look forward to seeing you there.

Yours sincerely

E. Williams

Mrs E Williams
Maths Leader
